

Green Drives Conference and Expo: State of Illinois EV Funding

Gabe Desmond

Electric Vehicle Program Grant Liaison
Illinois Environmental Protection Agency

May 14, 2026

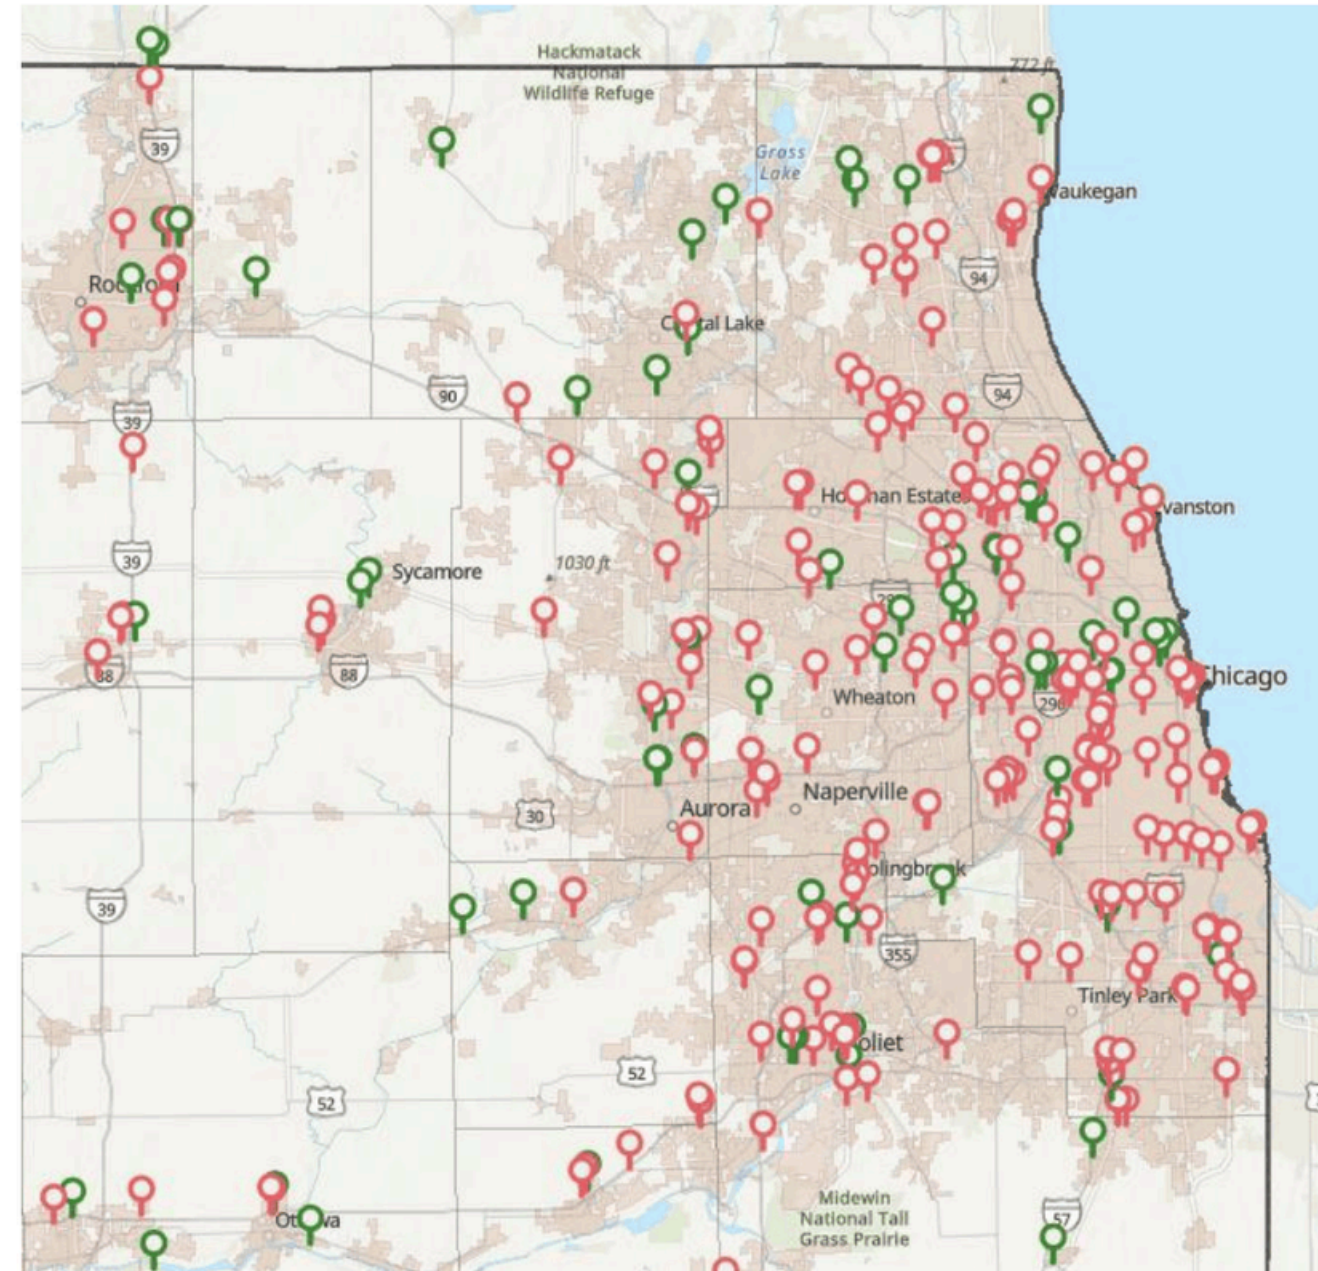

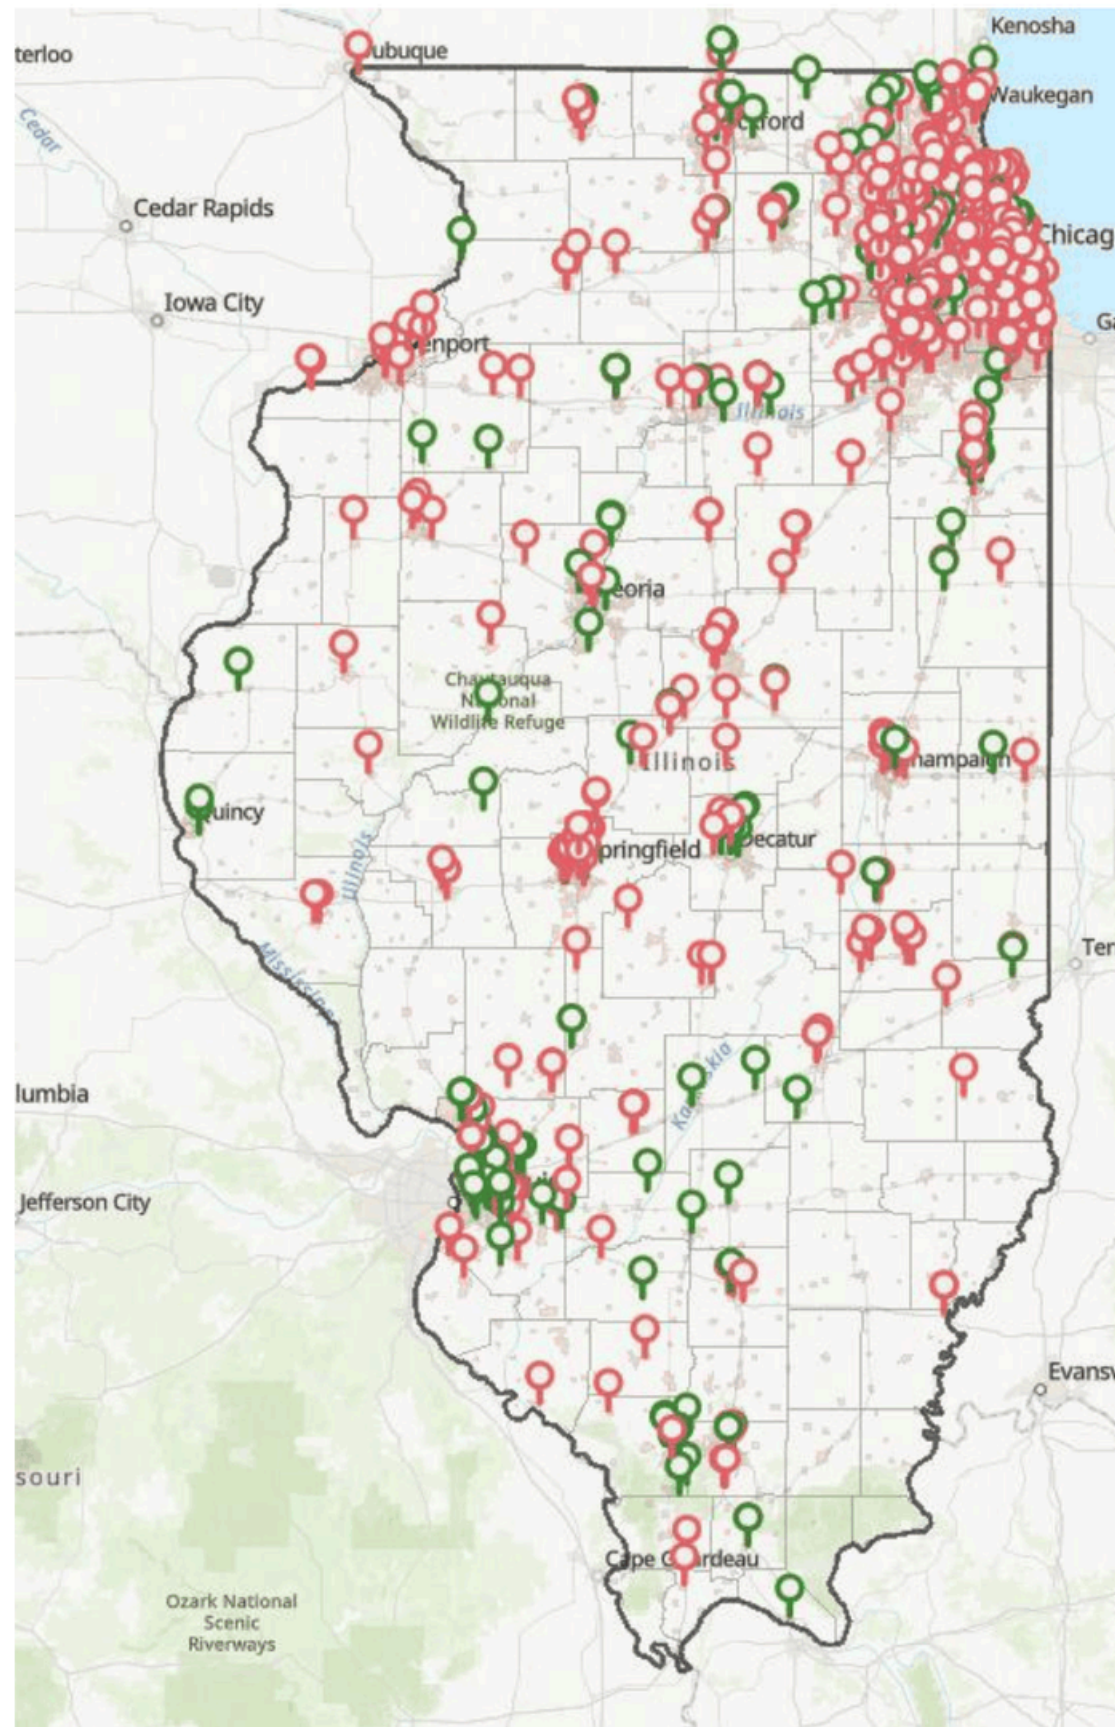

Overview of EV Funding

- ▶ Chargers
 - ▶ CEJA
 - ▶ CPRG
 - ▶ NEVI
- ▶ Passenger Vehicles
 - ▶ EV Rebates for residents (open until May 31st)
- ▶ Medium- and Heavy Duty Vehicles
 - ▶ Volkswagen (open now)
 - ▶ DERA
 - ▶ CPRG
 - ▶ Clean Ports
- ▶ CRGA: 2029 and Beyond

Map of State Funded Chargers

Public Charger Funding

- ▶ Funded To Date:
 - ▶ 557 public chargers funded by the State of Illinois to date
 - ▶ 161 of these are already online
- ▶ Upcoming Funding:
 - ▶ NEVI round 4 from IDOT (covers 80% eligible costs)
 - ▶ Expanded eligibility due to "fully built-out status"
 - ▶ CEJA round 4 from IEPA (covers up to 80% eligible costs)
 - ▶ CPRG (\$30 million total, up to \$60k per charger)
 - ▶ Focus on medium- and heavy-duty chargers

Passenger EV rebates

- ▶ Funded To Date:
 - ▶ 12,983 rebates issued
 - ▶ 3,133 of these were to low-income residents
- ▶ Open Funding:
 - ▶ Closes May 31st
 - ▶ Available for residents (not businesses) who purchased the EV in the last 180 days
 - ▶ \$4,000 rebate for low-income applicants
 - ▶ \$2,000 rebate for other applicants
 - ▶ \$1,500 rebate for electric motorcycles

Volkswagen Settlement Truck Grants

- ▶ Open now!
 - ▶ First come, first served
 - ▶ Class 4-8 local electric freight trucks; Class 8 electric drayage trucks
 - ▶ Covers 75% of costs for government applicants, 50% for non-government applicants
 - ▶ Must scrap a 1992-2009 vehicle

Upcoming Medium- and Heavy-Duty Electric Truck Funding

- ▶ Climate Pollution Reduction Grants (CPRG)
 - ▶ \$10 million for heavy-duty trucks (\$100k/truck)
 - ▶ \$10 million for medium-duty trucks (\$50k/truck)
 - ▶ \$2.5 million for forklifts (\$2,790/forklift)
- ▶ Diesel Emissions Reduction Act (DERA)
 - ▶ \$935k for Class 5-8 electric trucks
 - ▶ Covers 45% of costs
 - ▶ Must scrap equivalent vehicle of any model year

Clean Ports Program - Closed

- ▶ \$92 million to fund zero-emission equipment and infrastructure at four public water ports across Illinois
 - ▶ Cranes, locomotives, trucks, tractors, solar, battery storage
- ▶ \$3 million to fund decarbonization planning efforts at seven public water ports across Illinois

2029 and Beyond

- ▶ Clean and Reliable Grid Affordability Act (CRGA)
 - ▶ \$84.8 million a year to the Electric Vehicle and Charging Fund
 - ▶ By March 2028, IEPA will publish a draft Transportation Electrification Plan.
 - ▶ Will support transportation electrification, including: passenger vehicles, school buses, transit buses, MHD trucks, and chargers.
- ▶ Illinois will continue to be a good place to do business and electrify!

Thank you!

Visit IEPA's "**Driving a Cleaner Illinois**" webpage to learn more and apply to open opportunities. The listserv on this page is the best way to be alerted when funding is released.
