IACT
**ILLINOIS ALLIANCE FOR
CLEAN TRANSPORTATION**

Presented by
Ann Schneider and Lynn Stafford

ILLINOIS ALLIANCE FOR CLEAN
TRANSPORTATION

Who We Are

The Illinois Alliance for Clean Transportation is a trusted, fuel-neutral convener helping fleets, governments, and communities turn clean transportation ideas into action.

We Connect People

A statewide network of fleet managers, policymakers, and industry leaders sharing real-world solutions for cleaner transportation.

We Advance Every Fuel

Electric, propane, CNG, RNG, LNG, biofuels, hydrogen, and efficiency technologies — practical guidance without picking winners.

We Reach All of Illinois

Expanding beyond Chicagoland to serve fleets and communities across the entire state with events, education, and partnerships.

Our vision: a sustainable future with reduced transportation-related emissions across all of Illinois.

A U.S. Department of Energy Clean Cities & Communities Coalition

Why Membership and Sponsorship Matter

For Members

- Access peer learning, funding awareness, and practical guidance
- Connect with a trusted statewide network of fleet professionals
- Fleet managers can attend Green Drives free with early registration
- Stay informed on policy changes, grants, and emerging technologies

For Sponsors

- Enable conferences, communications, outreach, and technical content
- Gain visibility with government and commercial fleet decision-makers
- Build a more stable base for statewide clean transportation impact
- Expand the reach of IACT events, partnerships, and programs

Stronger together — your support drives real impact for cleaner transportation across Illinois

What's Coming Next

Fueling Illinois' Freight Future

IACT's first freight-focused event — connecting Illinois policy with practical, multi-fuel pathways for medium- and heavy-duty fleets.

Webinars & Partner Programming

New online programming in development covering LPG systems, electric equipment, fleet electrification best practices, and funding opportunities.

Stakeholder Connections

Every event is designed to connect stakeholders with practical information, useful industry contacts, and emerging clean transportation opportunities.

Year-Round Engagement

Building a fuller calendar of programming, networking, and knowledge-sharing — IACT is a year-round resource, not just an annual event.

Introducing New Content in Greenline

Greenline Newsletter

Fuel for Thought

Monthly Chair letter with leadership perspective on clean transportation

Board Insights

Meet our Board members and learn about their expertise and vision

Innovation Lane

Emerging technologies and innovations shaping the future of fleets

Featured Fleet

Quarterly spotlight on fleets making a real difference in Illinois

Plus original content you won't find anywhere else.
